WHAT OUR CUSTOMERS SAY

The Junkluggers is the best! They showed up even earlier than scheduled and took care of removing all the old furniture and piles of garage debris, quickly and neatly. They went above and beyond to provide us quick and efficient service and I would highly recommend them and The Junkluggers to anyone needing to have things removed in a timely manner.

— Mary R.

Personnel were very professional AND helpful. They not only were very well organized, but even swept when they were finished! The most important part of your approach is that you try to limit the amount of stuff going to a landfill and are conscientious about separating out items that can go for resale or as contributions to not-for-profit agencies. Thanks for being so green.

— Dan M.
