

Project Management Software for Condos, HOAs & Co-ops

Replace email, spreadsheets and scattered updates with Managemate's centralized Workspace for boards and managers.

When directors or managers change, critical details become difficult to find or vanish altogether.

Key Features:

- ✓ Project and task tracking
- ✓ Central activity calendar
- ✓ Annual planner scheduling with reminders
- ✓ Automated daily, weekly and monthly reporting options

Volunteer boards and overworked managers deserve software enabling team-based management.

Works alongside all existing accounting software and community portals.

Gain clear visibility with automated updates and quick access to work status and property history.

Protect your budget.
From only \$49 per month.
