PRACTICE AREA HIGHLIGHT

Association law is a prominent area of practice of Cervantes Chatt & Prince. From turnover through operations, **our attorneys assist associations and property managers in collections, governing document revision, and corporate governance** to ensure best practices are utilized. Because we have a multi-discipline practice, Associations can be assured our attorneys can assist in areas which may lie outside the confines of Association law.

Being cost-conscious and getting the most out of the Association's dollars is key to efficient operations. We have developed billing strategies such as our **Association Advantage® retainer program** which has three levels of services that can be selected based on an association's individualized needs. We also have developed both hourly and flat fee billing to help our association clients predict their costs and feel more comfortable with pursuing collections and other projects.

Attorneys at CCP are frequent speakers at Association focused events, authors of numerous articles and publications, and respected advocates in the courthouse. We are zealous proponents of using technology to streamline operations and utilizing it to better serve our clients. We invite you to get to know us by scheduling a free no obligation meeting.
