

3900 N Lake Shore Drive

We are extremely confident in our abilities and take pride in seeing our work throughout the Chicagoland area. That's why we are proud to be a union signatory contractor, maintaining City of Chicago general contractor, masonry and concrete licenses.

We'd welcome the opportunity to discuss your project and how LS Contracting can best complete it for you.

Let's build something together.

You don't earn 75 years worth of experience in the construction industry without learning what it takes to be successful.

At LS Contracting Group, we pride ourselves on delivering every project successfully. But, that's not why you should hire us.

It's because your project becomes our project as soon as you choose us. Your deadlines, your budget challenges, your vision becomes ours.

While LS Contracting has earned a reputation for being the company for exterior masonry and concrete restoration, our knowledge and skill sets suit any number of projects. From full-service general contracting for new construction, alterations, interior remodeling

and tenant build-outs to specialty restoration projects, our ability to build trust is the common element across everything we do.

We bring only the brightest and the best union labor, chosen specifically to meet the challenges of your project.

We treat time and money like the valuable resources they are. That's why we always strive to be on time and on budget. Because we know that your success is our success.
